

ALBERTSCHOOL

SCHOOL OF DATA & BUSINESS

**ALBERT SUMMER
SCHOOL 2025**

JULY 7th - 18th

**THE WORLD IS
CHANGING AND
EDUCATION
MUST CHANGE
WITH IT**

**INTERNATIONAL ACADEMIC
INSTITUTION OF EXCELLENCE**

ALBERTSCHOOL

EDITORIAL

A WORD FROM THE DIRECTOR

Albert School is an institution that trains the leaders of tomorrow's economy. This small sentence contains several important beliefs.

"Leaders": We are a school of excellence, but we are not an elitist institution. Our goal is to recruit students who are quick learners, ambitious, and eager to succeed in their professional lives.

"Economy": Because we are primarily a Business and Management school, we train students to become experts in the world of business.

"Tomorrow": Our world is being transformed by information technologies. Therefore, we enable students to embrace change and master new technologies to drive businesses forward.

At Albert School, we offer students the chance to join a business and data-oriented institution that combines two previously separate sectors. Our young and dedicated team of leaders is committed to providing students with a quality education that prepares them to succeed in the future. Graduating from Albert School equips students with an understanding of the value of data for businesses, giving them a competitive edge in the job market.

Grégoire GENEST, Director of Albert School

ABOUT US

ALBERT SCHOOL

OUR MISSION AND OUR UNIQUENESS

The Albert School campus is located in an exceptional 2,500m² building at 18 rue de Paradis, in the 10th arrondissement of Paris. Many young entrepreneurs cross paths and take advantage of the heart of Paris to bring their projects to life.

OUR MISSION

Albert School's mission is to **bridge the gap between business and data** by preparing hybrid profiles capable of excelling and making a difference in the professional world. This involves in-depth understanding of **business operations** and the ability to **leverage data** effectively, thanks to our **unique partnerships** with leading companies.

Through the Summer School, we aim to **nurture the next generation of leaders in business and data** by providing an experience that combines **academic excellence**, **cultural openness**, and **practical knowledge**.

What sets us apart?

- ◆ Inspiring lectures delivered by our network of corporate partners
- ◆ Diverse topics covered, including mathematics, business, soft skills, data & AI
- ◆ An entrepreneurial project where students from around the globe collaborate in teams during the Summer School
- ◆ Culmination of the entrepreneurial project at the world's largest startup campus (Station F)
- ◆ Moments of connection and community in an extraordinary setting in the center of Paris
- ◆ A memorable graduation ceremony
- ◆ Each subject in our program is thoughtfully designed to be universally relevant, offering insights and skills that effortlessly apply across disciplines—whether your interests lie in marketing, finance, sustainability, or beyond

ALBERT SCHOOL

A SCHOOL SUPPORTED BY RENOWNED INVESTORS AND COMPANIES

The school has been fortunate to receive strong support for its development from Xavier Niel (Free), Bernard Arnault (LVMH), Rodolphe Saadé (CMA CGM) and many more. In total, eight unicorn startup founders and forty European entrepreneurs back Albert School.

“

As European tech experiences a meteoric acceleration, we face a critical training challenge to keep up with this momentum. Our startups need professionals who speak the language of data; our unicorns recruit them by the hundreds; and our largest companies are following suit. The launch of Albert fills me with enthusiasm. It is a tremendous springboard for our young people and the continent as a whole”

Xavier NIEL, founder of Iliad (Free)

Companies have identified a shortage of individuals with both data and business skills. With the creation of Albert School, businesses can now be certain to find students proficient in this hybrid profile in the years to come!

These companies offer promising partnerships that not only provide students with opportunities for internships and apprenticeships, but also help them build a strong professional network.

INTERNATIONAL SUMMER PROGRAM

TWO WEEKS

EXPLORE, LEARN, AND CODE YOUR WAY TO SUCCESS

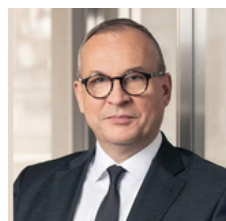

The Albert Summer School is organized into theoretical and practical courses arranged in **four distinct pillars** that allow students to master both aspects of the program: data and business. The program is also punctuated by one **entrepreneurial project** lasting 2 weeks, enabling students to apply their knowledge and skills in real-world conditions. We believe that an excellent education isn't necessarily composed solely of theory but should also incorporate practical experience.

DATA	MATHEMATICS	BUSINESS	HUMANITIES
Intro to Data with Spreadsheet Intro to GenAI Programming in Python	High School Fundamentals Algebra Get ready for the Albert School admission test	Startup Project Development Marketing Plan Business Plan	Career Paths and Orientation Workshop Pitch Training Mentoring/Coaching

The group entrepreneurial project will culminate in a corporate pitch at **Station F**, the world's largest startup campus.

"To a high school senior looking for direction, I would suggest to consider the technology field. There are real opportunities, and in Europe, we need technical talents: people being able to do more and more with mathematics applied to business. What appeals to us about Albert School's curriculum is the connection of the two dimensions!"

Franck le Moal,
Chief Information
Officer at LVMH

THE ACTIVITIES

BUILD YOUR FUTURE

ENJOYING UNFORGETTABLE EXPERIENCES

THE ENTREPRENEURIAL PROJECT

These two-week case studies are truly immersive sequences with three major objectives:

- ◆ Creating bridges between business and data courses based on the students' real-life projects.
- ◆ Exposing students to the business world from day one, thus initiating reflection on their career path.
- ◆ Developing students' soft skills through visits of corporate partners, feedback exercises, and team collaboration on their projects.

“Entrepreneurial projects are the cornerstone of Albert School’s teaching approach. It is during these sequences that we fulfill Albert School’s promise to combine academic excellence and professionalism, by anchoring our teaching in the reality of the business world.”

Edouard NEUVILLE,
Academic Director
Albert School

THE ACTIVITIES

BUILD YOUR FUTURE

ENJOYING UNFORGETTABLE EXPERIENCES

SOCIAL ACTIVITIES

- ◆ Make new friends from around the world and work together on exciting projects
- ◆ Meet current Albert School Bachelor students and get insider insights into student life.
- ◆ Celebrate the start and conclusion of the Summer School in a festive atmosphere, and enjoy social events (games, movie evening, ...) on and off campus

DISCOVER & EXPLORE PARIS

- ◆ Our campus in the heart of Paris is classified as an historical building, offering easy access to the city's rich culture, iconic landmarks, and lively atmosphere.
- ◆ Enjoy free time to explore the city like a local, with optional weekend excursions

HOW AND WHEN TO APPLY

ADMISSION PROCESS

At Albert School, we believe that anyone can achieve great things, and we're always on the lookout for the minds that will shape tomorrow's world. The hard part is identifying them, and that's our job.

CONVINCED BY THE ALBERT SCHOOL INTERNATIONAL SUMMER PROGRAM PROJECT AND KEEN TO JOIN US?

STEP 1: BOOK AN APPOINTMENT

Schedule a meeting with our admissions team at [this link](#) or by scanning the QR code. We will discuss your motivation and ensure that the program is a right fit for you.

STEP 2: SUBMIT YOUR TRANSCRIPTS

Send us your latest transcripts (with a focus on Mathematics and English) to help us place you in the most suitable learning group.

STEP 3: KEY DATES FOR YOUR FUTURE APPLICATION

Once your transcripts are reviewed, you'll receive the final registration details, including the contract and payment process.

Key Dates:

- Registrations Open: February 2025
- Registrations Close: June 2025
- Program Starts: July 2025

We look forward to welcoming you to Albert School Summer School 2025!

✉ At any time, you can contact us at summerschool@albertschool.com, we'll get back to you within 72 hours.

PLEASE NOTE: EACH APPLICANT CAN ONLY TAKE PART IN THE
ADMISSION PROCESS ONCE A YEAR.

FREQUENTLY ASKED QUESTIONS

What if I am under 18 and I want to go out?

For older teens to be allowed to go out on their own, explicit written consent from the parents or legal guardians is required.

Parents should specify:

Whether their child is allowed to leave the premises without supervision. Any limitations on the duration, time, or type of outings (e.g., only during daylight hours, specific areas).

Do I need a visa to attend the program?

Depending on your nationality, you may need a visa to study in France. We recommend checking with the French embassy or consulate in your country. Upon admission, we can provide an official acceptance letter to support your visa application.

What language is the program taught in?

The Summer School is taught entirely in English. Proficiency in English is essential to fully benefit from the program.
